Description

Highlights

Diets Rich

in cruciferous vegetables are linked with increased protection from certain particularly negative threats to our well-being.

Diverse Phytonutrients

Supplies other beneficial phytonutrients — limonene from oranges, chalcones from liquorice root, and isoflavones from soyabeans — which research has shown can help protect cells from potentially destructive substances. Contains sulforaphane, an important phytonutrient that helps neutralise aggressive toxins.

Whole Food Based

Exclusive Cruciferous Blend contains broccoli, radish, kale, black mustard, brown mustard, and watercress.

Tested and Proven

according to National Cancer Institute Protocols to support immune function.

Key Benefits

- Each tablet provides the phytonutrient value of an optimal serving of a wide variety of cruciferous vegetables.

Details

- Powerful nutrients in cruciferous vegetables broccoli, radishes, kale, black & brown mustard, and watercress, often missing from our diet, support efficient enzyme activity linked to appropriate cell growth particularly in breast and prostate tissue.
- Provides sulphoraphane, associated with neutralising aggressive and destructive compounds.
- Soya isoflavones help maintain optimal hormonal activity.*

Usage

Take 1 tablet daily with food.
